

# GIFTS FROM THE HARVEST

(Grain, Corn, Beans, Cattle, Etc.)

## SHARING YOUR HARVEST - *more effectively*

Cash basis farmers who harvest their crops in the fall and make their plans for spring planting often find that making charitable gifts is a great way to do tax planning. As with all charity and tax planning, one should first consult his/her financial and legal advisers. The example below, illustrates for many farmers, at least considering a “*gift from the harvest*” might be the most effective way to “*share your harvest.*”

The reasons such a gift might be advantageous are several, but the primary are:

- **Reduction of income** to the extent of the value of the commodity.
- Deduction of **production costs** from the past growing season.
- In many cases, elimination of the **self-employment tax** attributed to the commodity.
- Effective **reduction of adjusted gross income**, helping reduce the income on which tax is assessed, and allowing larger giving not limited to 50% of adjusted gross income.
